OVER THE YEARS

A.M. (Art) Kagin
Since 1928

The Memphis International Paper Money Show is my favorite convention. Why? It is different from the other conventions. The collectors and dealers who assemble there seem to be more emotionally involved with the notes than their counterparts are with coins. The investment potential appears to be secondary to their interest in the notes themselves—whether from their involvement with the historical aspects or the beauty of the engravings.

Amon G. Carter, Jr. was a good example. He looked forward each year to attending the "Paper Money Show." In fact, he would take a table and bring part of his collection to display at his table so that he could "show and tell" whenever anyone exhibited an interest in his notes. He would buy items for his collection and sell some duplicates. His interests were quite broad, from all areas of United States currency to Canadian and world currency. Yes, he was interested in checks, counterfeit detector books, vignettes and just about anything of a fiscal nature. His memory was phenomenal and at the last convention he attended, he talked to me about the many notes he had acquired over the years from our auctions and by outright purchases.

I first met Amon in 1940 when he visited our store in Des Moines. After he acquired the outstanding Harley Freeman Currency Collection in the mid-forties, Amon became quite avid in his collecting of currency. His nationals included many unique and extremely rare notes, as well as examples from the other branches of United States currency.

The pace at the Memphis show is more leisurely and dealers will take more time to visit with collectors and other professionals. I look forward to renewing old friendships and learning something new, as I have done at previous conventions.

HOW TO BID

What to Bid On:

As you read through the catalog for the first time, record the numbers of all the lots you are interested in on a worksheet. If you are interested in specific types of coins, be sure to check the catalog index.

How Much to Bid:

The price you bid is determined by you. You must remember the value that you place on the coins. Check the descriptions in the catalog and decide what you are willing to pay. You should bid generously on the lots you strongly wish to obtain. If there are some lot you would like to have "if the price is right," then you may want to place nominal bids on those lots. Because a number of collectors choose to bid on many lots, the number of successful bids will be relatively small. This is controlled by a very active market. **You can safely extend your bidding** (and take advantage of a "bargain") by placing a dollar total limit on your bids. Should your total be reached before all your bids are executed, we will then terminate your bidding.

Remember that your bids are limits. It is possible, and quite often does occur, that you will succeed in purchasing a lot for less than your bid since we start the floor bidding at about 5-10% above the second highest mail bid. *Example: You bid $500 on the lot and the next highest mail bid is $400; we start the lot bid at $425. If there are no bids from the floor, you will then be awarded the lot at $425 — or if the floor bidding stops at perhaps $450 or $475, then you will receive the lot at a small advance above the top floor bid. If bidding continues above the $500, then that floor bidder will be awarded the lot.*

How to Fill Out the Bid Sheet:

On the Bid Sheet you will observe that there are two column headings: Lot and Bid. When you decide on which lots you want to bid, enter the lot numbers under the proper column and the maximum amounts you are willing to pay for those lots in the proper column.

LOT	BID	LOT	BID
482	550.00		
517	900.00		
614	130.00		

If you have circled one of the increase percentages, you will be allowing us to increase your maximum bid in order to obtain the lot which is going for more than you had anticipated. We will buy the lots for you as low as possible as outlined above.

Bright and well centered. Full original crispness with no handling or aging. A virtually flawless note.

CHOICE CRISP UNCIRCULATED

Flawless appearance. Close examination might reveal teller handling, minute pinholes, or very light aging. A note with an excess of the above-mentioned defects would not be considered Choice.

CRISP UNCIRCULATED

No folds or corner creases. May have obvious aging, rounded corners, handling marks, pinholes, or other flaws that indicate mishandling. A note that does not retain full crispness or appears starched should be examined for processed or pressed-out folds.

ABOUT UNCIRCULATED

The criteria are basically the same as for Uncirculated, but a note may have a single fold or several small corner creases.

EXTREMELY FINE

Two or three creases evident. The note should be bright and retain nearly full crispness.

VERY FINE

Notes show obvious use. May have several folds and have started to lose some original crispness. Light soiling due to normal handling is accepted.

FINE

Very little original crispness evident. Still exhibits original brightness, but shows much handling and soiling.

VERY GOOD

May be soiled and well worn. All engraved features clear and complete. Margins must be intact.

GOOD

Heavily soiled with no original color or body. May have frayed margins and small tears. Engraved features will be visible but not bold.

DONALD KAGIN'S PERSONAL GUIDE TO RARE COIN INVESTMENTS

by Dr. Donald H. Kagin,
the nation's foremost numismatic investment authority.

To guide investors who have discovered that rare coins are today's number one tangible investment alternative, Donald H. Kagin wrote the first truly comprehensive numismatic investment guide book. Unlike other such books, which are heavy in numismatic jargon, Dr. Kagin's book is a practical "How To" guide that analyzes underlying investment principles independent of any one company, explains market risks and benefits, and helps investors know the right questions to ask.

"Kagin's has always stressed that knowledge is the key to numismatic success," Dr. Kagin said. "This book is intended to help investors know the right questions to ask."

"I believe in telling investors the market risks as well as the market benefits," Don said. "Numismatics can be the best investment, but only if used knowledgeably."

Copies of the book may be ordered by returning the coupon on the back of the bid sheet.

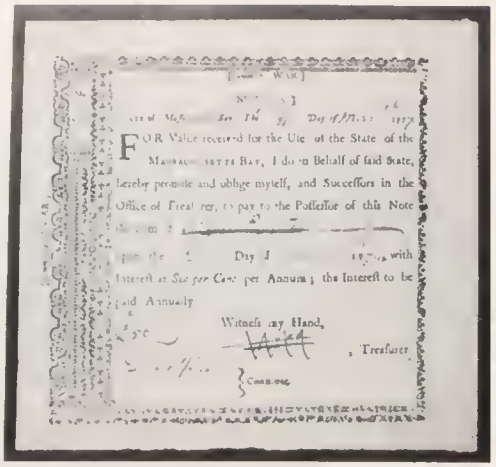
1021 **State of Massachusetts Bay**, January 23, 1777 Treasury Bond. 10 pounds payable December 1780 at 6 percent per annum. Signed by H. Gardner treasurer, cancelled. Thistle border with embossed seal (clasped hands) at center. Splitting along horizontal and verticle fold and usual fraying at edges. **Fine**.

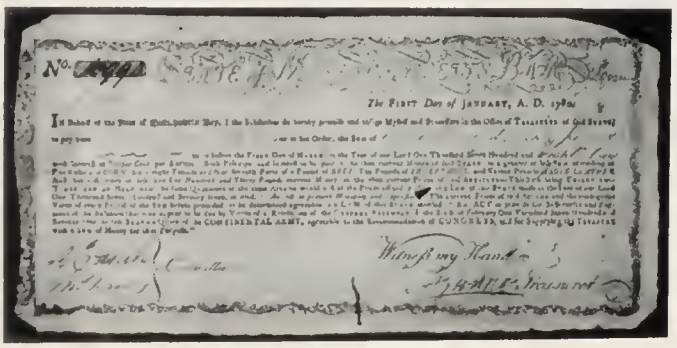
BIDDING BY MAIL

In case of tie bids, the first bid received will be awarded the lot. To avoid disappointment, MAIL YOUR BIDS TODAY!



1022 **State of Massachusetts Bay**, March 21, 1777 Treasury Bond. Payable December 2, 1779 at 6 percent per annum for the amount of 50 pounds. Signatures and amount are canceled and this issue seems to have been issued by the committee of war. Unusually high condition for this type of fiscal paper with only a single horizontal fold noted. **Choice About Uncirculated**.

1023 **State of Massachusetts Bay**, October 3, 1778 Treasury Bond. Payable March 1, 1783 at 6 percent per annum for the amount of 34 pounds. Signed by H. Gardner, treasurer and committee associated with issue. Signature of Gardner is canceled. Embossed seal of clasped hands at center. Basically **Fine** with splitting along folds.



1024 **State of Massachusetts Bay, Produce Bond**, January 1, 1780. 880 pounds payable to the heirs of Edm Munrow and enclosed on back by Robert Harrington. The bond was for a period of 14 months, payable March 1, 1781 in the then current money of the state which is tied into the value of corn, beef, wool and leather at the current versus future prices. This note illustrates one of the earliest attempts of the government to stabilize the value of its currency. The engraving is attributed to I.M. Furnass of Boston and is signed by Thomas Daves and Richard Cranch as the "committee" and by H. Gardner as treasurer. Both Daves and Cranch were also signers of several issues of Massachusetts colonial notes in the 1770's.

Three corners missing, only one corner hits the very edge of design. Small punch hole noted at center and stamp hinges have been used to reinforce folds and a couple of minor edge splits. Overall appearance is of an attractive **Very Fine** and is the highest denomination note we can recall. Afflect example had a value of only 280 pounds.

1025 **Commonwealth of Massachusetts**, January 1, 1782 Treasury Bond. Payable to Roger Lord or Bearer; 7 pounds 7 shillings January 1, 1786 at 6 percent interest per annum. "One year interest paid" written vertically along left and signature of treasurer is cut canceled with a triangular section removed from bottom. Bright and fresh with none of the usual foxing and only one corner fold. Hinge remnants on reverse. **About Uncirculated**

1026 **Commonwealth of Massachusetts**, December 1, 1782, Treasury Bond. Payable December 1, 1788 at 6 percent. To be paid in gold and silver in an act made and passed in the twenty-third year of his late majesty King George. Attractive, and bright example and only a few light folds. **Extremely Fine.**

NORTH CAROLINA

1036 **July 14, 1760, 30 shillings**. Scarce issue with only 12,000 pounds authorized for issue. Somewhat faded signatures with light edge fraying and a sharp vertical fold. Some separation along fold is noted but light repair will preclude additional separation. **Very Fine.**

1037 **July 14, 1760, 40 shillings**. Scarcer issue with light fraying at bottom edge and usual signatures on back. Nice example and easily a strong **Fine**.

1038 **April 23, 1761, 20 shillings**. Scarce issue with some light foxing and a couple of nicks out of the bottom edge. Once separated and sewn but now expertly repaired. **Fine**.

1039 Strip of three: **December, 1771, 2 shillings 6 pence, 5 shillings,** and **1 shilling**. Sharp signatures and this example is classic of the art of restoration. Very fine in appearance but portions of note seem to have been re-woven. Small separation at left. **Fine**.

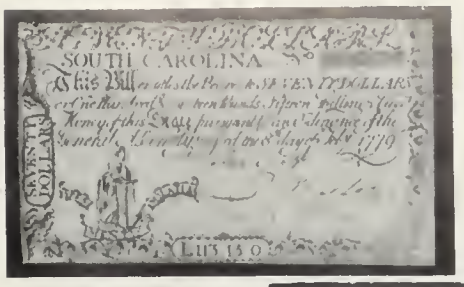
1047 **February 8, 1779, $60** or **97 pounds 10 shillings**. Elaborate engraving by Thomas Coram of Charleston. Bold signatures by Scott, Smyth and Weston. Popular issue and this example fairly high grade. A single sharp center fold is noted, resulting in a very short separation at top and is additionally water stained along fold. Remainder of note is quite fresh. **Very Fine**.



1048 **February 8, 1779, $70** or **113 pounds 15 shillings**. Extremely attractive engravings, particularly reverse vingnette of Prometheus Bound and attacked by vulture. DEMAND NOTES

1056 **$5 1861** F-3, Payable at Boston. An example of a most significant issue. Notes of this type originated the term greenback and are the first and earliest issue of United States currency. This note, while well circulated is whole with no repairs and has an overall pleasing apperance. Seldom offered above a similar grade, this note should receive considerable interest. **Choice Very Good** with some claims to near Fine.

1190 **$20 1880** F-133, Bruce-Wyman. Large red seal. Bit scarcer type and consignor attributes it to Grinnell. **Very Good**.

1191 **$20 1880** F-142, Bruce-Roberts. Far superior to most offered with only the slightest trace of a counting mark. Fully original and unpressed, this is one of the nicer examples we have handled for over a year. **Gem Crisp Uncirculated**.

1192 **$20 1880** F-142, Bruce-Roberts. Vastly less handling than most of this type offered. Fully bright paper and inking with good centering. **Gem Crisp Uncirculated**.

1193 **$20 1880** F-143, Lyons-Roberts, small red seal. Uncirculated in appearance but close examination reveals two faint vertical folds. **Choice Extremely Fine**.

1194 **$20 1880** F-147, Elliott-White. Soft margins but bright inking. **Very Fine**.

1195 **$50 1874** F-152, Spinner-Allison. First issue of the general type with a large ornate L to the left and right of center. Far more elusive than the 1880 series notes. This note is unrepaired. Some soiling but a strong **Very Good** with some claims to Fine.

1196 **$50 1880** F-160, Huston-Rosecrans, with large red spiked seal. Very collectible example with good uniform circulation. Small cut near center of note. **Fine**.

SEE COLOR PLATE

1197 **$50 1880** F-161, Huston-Rosecrans, variety with large brown seal. Bright paper and fairly good centering. Perhaps just a trace of a counting mark and a tiny paper scrape at center of top margin. From the B & R Bartlett Sale where it was described as a Gem. Perhaps this was a bit optimistic but understandable when the overall lovely condition of this note is taken into account. Very **Choice Crisp Uncirculated**.

1198 **$50 1880** F-164, Lyons-Roberts, with small red seal. Franklin engraved by Charles Burt from the Dyplessis protrait. Always a popular and scarce type, this example is particularly desirable due to its high grade. Perfectly centered and bright with a single light center fold. **Choice About Uncirculated**.

EXCESSIVELY RARE 1862 $100 LEGAL

SEE COLOR PLATE

1200 **$100 1862** F-165, First Obligation, National at top border. The Hessler plate note. Undoubtedly among the finest known examples of this excessively rare type, perhaps exceeded only by the $100 F-167 specimen from our memorable June 1981 Memphis IPMS Sale. A **Choice Fine**, with some claims to Very Fine. Excellent color and detail for grade, close bottom. Moderate soiling and handling prevail.

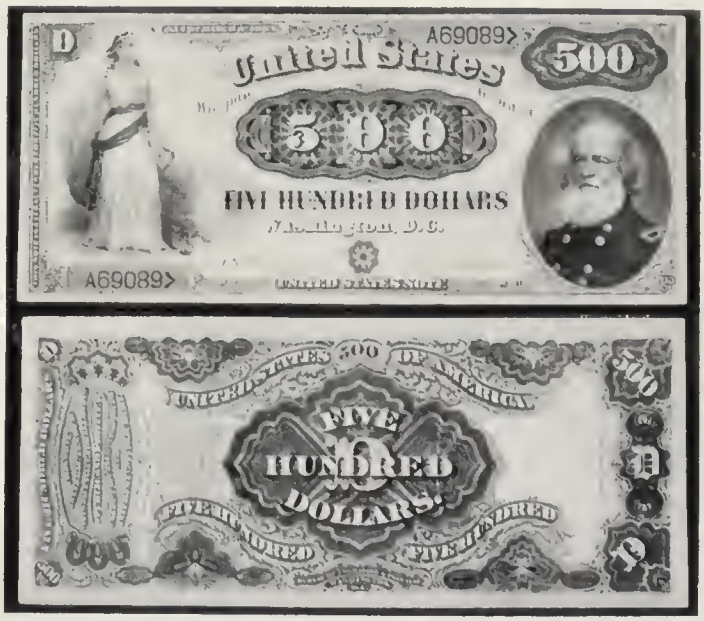
1201 **$100 1880** F-181, Lyons-Roberts. Always desirable and scarce type seldom offered above fine. This lovely example is fully bright with a few light folds and a few scattered pinholes in left field. Old mounting evident along back edges but not seriously detracting. **Very Fine.**

EXTREMELY RARE 1880 $500 LEGAL



SEE COLOR PLATE

1202 **$500 1880** F-185-L, Bruce-Roberts. A note of extreme rarity and likely the most significant note of the sale. This example is likely the Grinnell specimen as the plate (A1) matches the description and grade is consistent (about EF) with Lot 179 of that celebrated sale. Hessler lists two known examples in his latest edition.

This note is fully bright with a quite vivid back. Several folds are noted with only crease visible without close examination. A high grade **Very Fine** with claims to Extremely Fine.

1266 **$2 1899** F-256, Teehee-Burke. Low serial number (N88) with natural wave in it's unpressed paper. Paper has the faint blue hint as is sometimes seen in this series and centering is just a bit off, but most would grade this note **Gem Crisp Uncirculated.**

1267 **$2 1899** F-256, Teehee-Burke. Low serial (N100). Fresh with good margins. **Gem Crisp Uncirculated**.

1268 **$2 1899** F-258, Speelman-White. Fully crisp and original as only a note of this series can come. Good centering with only a bit off-center. **Gem Crisp Uncirculated**.

1273 **$5 1896** F-268, Tillman-Morgan. Considered by many to be the most beautiful U.S. Note. As a result of Anthony Comstock's political pressure, the treasury was forced to withdraw these dirty dollars (Ms. Electricity, partially draped). Excellent color for grade, near perfect centering, light vertical and small corner fold. **Choice Extremely Fine**.

1274 **$5 1896** F-268, Tillman-Morgan. Nice margins, decent color with considerably less than normal soiling for this **Very Good** grade. Pinhole at center.

1275 **$5 1896** F-269, Bruce-Roberts. Always popular queen of the Educational Series. No handling noted worth mention, with unpressed paper and only a slightly close bottom margin. **Choice Crisp Uncirculated**.

1276 **$5 1896** F-269, Bruce-Roberts. Attractive Educational note near uncirculated in appearance. A number of light vertical folds require a **Very Fine** grade but most would consider it EF.

1289 **$10 1891** F-299, Tillman-Morgan. Tombstone note with nearly perfect centering. Original and unpressed with crisp paper and a trace of natural wave. **Gem Crisp Uncirculated.**

1290 **$10 1891** F-299, Tillman-Morgan, with autograph of Morgan just above his printed signature. Popular Tombstone note with bright paper and good centering. Technical grade due to number of folds is **Very Fine** but few would commercially consider it less than EF.

1291 **$10 1891** F-300, Bruce-Roberts. Considerable crispness and quite bright. **Extremely Fine.**

1292 **$10 1891** F-301, Lyons-Roberts, Changed Back. Wide boardwalk margins, faint folds, tiny rust spot at bottom. Much rarer than F-299 issue. About 6.66 million printed with only a few dozen survivors, mostly in low grades. **Extremely Fine.**

1293 **$10 1908** F-304, Parker-Burke. Virtually uncirculated in appearance and always in demand so choice. Two vertical folds noted with a bit of light toning along crease. **Choice Extremely Fine.**

POSSIBLY UNIQUE PRINTING ERROR

1428 **$2 1875** F-393, Scofield-Gilfillan. Charter numbers, series and treasury seal missing, seem to have never been printed. Close examination reveals no residue evident. The note is bright and fresh with the appearance of an uncirculated example. Some very good repair is noted such as a couple of closed pinholes and the edge fray has been repaired. Certainly a rare and unusual item and likely unique. **About Uncirculated**.

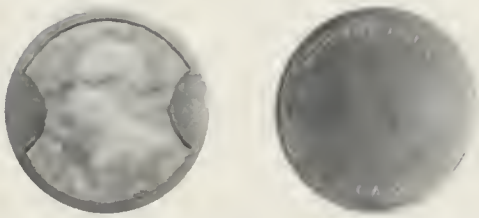
END OF SESSION

ENCASED POSTAGE

2001 **1¢** EP-4a, Ayer's Sarsaparilla. **Fine** case but is slightly warped. Fairly good mica with only a couple of lightly crazed areas. Bright stamp.



2002 **3¢ Possible developmental pattern**. John Gault must have worked closely with the Scovill Manufacturing Company of Watebury, Connecticut. On regular issues, Scovill used a die to punch out the brass disc used for the front panel with two semi-circular projections at the sides. This piece, with the standard Gault back, encloses a three-cent stamp with intact mica displaying only slight crazing.

The unusual nature of this piece is demonstrated by its front panel, obviously hand cut with a fine jeweler's saw, not smooth edged as the die-stamped pieces. Believed to be unique, unlisted in Encased Postage references and of the highest importance. Was lot 4232 of our 1983 ANA Sale.

2003 **3¢** EP-33, Take Ayer's Pills. **Extremely Fine** case with brighter stamp than usual and only a tiny craze in mica.

2004 **3¢** EP-33, Take Ayer's Pills. **Very Fine** case with medium toning, virtually perfect mica and an extremely bright stamp.

2005 **3¢** EP-34, Ayer's Sarsaparilla (Small Ayer's), **Extremely Fine** with fairly bright stamp and perfect mica. Rare and undervalued.

2006 **3¢** EP-40, Burnett's Standard Cooking Extracts, **Extremely Fine** case with 75 percent original silvering, bright stamp and perfect mica. Premium example.

2007 **5¢** EP-61, Take Ayer's Pills, with a nice **Very Fine** case, bright stamp and a tiny hole near rim from near perfect mica.

2008 **5¢** EP-67, Brown's Bronchial Troches. **Extremely Fine** case with a touch of silvering, bright stamp and good mica with a light crease. Overall quite appealing.

2009 **10¢** EP-101, Joseph L. Bates Fancy Goods. Toned **Very Fine** case with bright stamp and virtually perfect mica.

2010 **10¢** EP-108, H.A. Cook, toned **Very Fine** case, bright stamp and nearly perfect mica. Scarce and desirable issue.

2026 Vertical strip of four: 5¢ F-1233, with sharp folds between notes and two examples, also with folds in body of design. Bottom example quite scarce because it is an error issue with a two inch gutter fold across the lower-right corner. It also resulted in a slight cutting error. Examination invited. **Very Fine**.

2027 Pair: both 5¢ F-1233, one **Very Fine** with tiny glue stain on obverse, the other **Crisp Uncirculated** with close top margin. (Total: 2 pieces)

BARBADOS

BARBADOS NOTES OF THE CANADIAN BANK OF COMMERCE

West Indies notes issued by Canada's chartered banks are among the rarest and most sought-after pieces for both world and Canadian paper money collectors. Limited amounts printed combine with tropical climates and passage of time to make most surviving specimens decidedly rare in 1984. Appearing here are four Canadian Bank of Commerce $5 notes of January 2, 1922 (Charlton 161-01A0-1, Pick S121) issued in Bridgetown, Barbados with seated river goddess on black-green and salmon printing. Signed by bank President John Aird, they offer an unprecedented variety of plate letters and general managers' signatures generally impossible to duplicate today in this scarce series. Assembled by a veteran collector over three decades, this offering may be the only comparable opportunity in this decade.

2253 **$5 1922** C-161-01A-1, P-S121, **Very Fine**. Aird and Miles signatures, plate letter A, four folds, margins generally excellent with minimal handling. Back bright, folds slightly more visible. An exceptional example of this desirable issue, serial number (15065). ($800-850)

2254 **$5 1922 Fine**. As preceding but center folds more pronounced, top margin somewhat narrow; serial number (13919). Only a few handling marks from Very Fine, appealing example. ($500-550)

2255 **$5 1922 Very Good**. Close to Fine, but top margin frayed, slight hint of foxing. Both front and back bold and colorful, usual folds. ($425-450)

2256 **$5 1922 Very Good**. As preceding, strong vertical and horizontal folds, counting stain at right with ink spot on upper back margin. Overall near Fine, generally pleasing note.-($450-500)

COLLEGE ISSUES

EASTMAN COLLEGE

EASTMAN NATIONAL BUSINESS COLLEGE NOTES

"Learning by Doing" was a basic premise of Eastman National Business College, most influential of the late 19th century institutions for business education. In its Poughkeepsie, N.Y. center and branches in Chicago and elsewhere, this college taught banking through use of checks, currency and fractional notes, passbooks and other instruments carefully patterned after those in daily use in the business world of the 1880s. Meticulously crafted to resemble the money in circulation, these issues long have attracted the interest of paper money collectors. The following selection includes notes, uncut sheets, passbooks and checks of the Eastman facilities as well as several of other colleges using the same hands-on methods of indepth business education.

2413 Pair of uncut sheets: Fractional currency payable in stationery, **1¢**, **3¢**, **5¢** and **10¢**, **20¢**, **50¢** sheets. Wide margins and some unlisted in Muscalus. Some light folds but quite crisp and easily grade **About Uncirculated**. (Total: 2 pieces)

10%-10%

Kagin's Numismatic Auctions has instituted a 10% consignment/buyers commission structure. This centuries' old European system is becoming widely accepted by most of the major numismatic firms in the United States.

2427 Eastman College Companion Piece: 11 inch by 7 1/4 inch booklet of approximately 35 pages extolling the virtues of hard, dedicated work along with the advantages of attending Eastman College. By following the tenets of this booklet such as "Don't Drink . . Don't Chew, Don't Smoke . . Don't Swear . . . Don't Gamble . . . Avoid Litigation . . . and Don't Marry a Romantic Women," the young men attending the school will be prepared for a prosperous banking, or business career. Also included are facts and general information about the school itself.

The booklet is black with gold lettering with the date 1883 below. The front cover has a two inch bottom separation, the bottom left rear cover corner with folds. The contents are generally excellent with little evidence of aging. One of the two plates inside showing in blue and red a sample of the currency and checks used in the college is detached. Also included is the original mailing envelope addressed to Morris Lloyd of Hornellsville, NY. An interesting addition to the specialized collection.

2428 Eastman College Companion Piece: Similar to preceding lot but with different covers, undated and we estimate it to be circa 1875. The front cover depicting Eastman College is almost detached, has ragged and torn edges; the rear cover detached and ragged. The contents are generally very good, the corners are rounded and aging is evident throughout. Like the preceding lot, the contents depict interior and exterior drawings of the college, typical "nose to the grindstone" quotes and sayings of prominent personages, examples of correct handwriting, and the like. A quick sampling of this booklet will show that Eastman College was a no-nonsense school.

ERROR CURRENCY COLLECTION

THE BERNARD FEINBERG COLLECTION

It is with pride that Kagin's presents selected rarities from the Bernard Feinberg Collection of U.S. Paper Currency errors. Chicago native Feinberg (1924-1980) was a prominent Windy City banker, founder of the Jefferson State Bank. Not content to rest on his laurels as the nation's then youngest bank president, Feinberg received nationwide publicity in both popular and numismatic press for his currency collecting. Devoting years to systematic and exhaustive investigation of Federal Reserve currency errors, he created his own working lists and guides as his hunt expanded throughout the field of modern currency. It is hoped this select offering will be a suitable memorial to the decades of effort expended in the error currency field by pioneer Bernard Feinberg.
